

OSA - 2266-70

4 August 1970

To: Contracting Officer

Subject: CLOSURE OF CONTRACT SP-1923

Our records indicate all work on the subject contract has been completed and no Government property remains in the Contractor's possession under this contract for disposition.

The contract did not contain a clause regarding patent rights; therefore, no final report of inventions is required.

In July 1970 we submitted our final invoices for this contract. These resulted in final invoiced amounts of [redacted] for Customer No. 1; [redacted] for Customer No. 2; and [redacted] for Customer "Common". A further breakdown of these amounts, compared with the funding allocation appearing in the contract, is as follows:

Note No.	Customer	Contract Amount	Invoiced Amount	Balance
(1)	No. 1	[redacted]	[redacted]	[redacted]
(2)	No. 2	[redacted]	[redacted]	[redacted]
(2)	No. 2 (ECP-305) "Common"	[redacted]	[redacted]	[redacted]
(1)	No. 1, Special	[redacted]	[redacted]	[redacted]
(1)	[redacted]	[redacted]	[redacted]	[redacted]

Note: (1) Invoiced as Customer No. 1
 (2) Invoiced as Customer No. 2

In light of these conditions we believe Contract SP-1923 may now be closed. If you concur, please issue a final amendment to show final contract amount and completion.

Sincerely,

[redacted]
